### We can see again!

Have you been to the library lately? We have recently had some much needed work done. New lighting upstairs in the stacks, yea! We can finally see the travel books and literature section again.

Downstairs we have beautiful new carpeting paid for with a grant from Senator Larkin.

What an improvement.

Cleaner, more cushioned and somehow make the area look a little larger, if only it really were.

## Library experience to share?

---

Do you have a story about the library you would care to share? The Highland Public Library has made arrangements with the Mid-Hudson Post Pioneer to have bimonthly columns written by our patrons. Stories can be about any experience you have had at the library or using our online resources from home. Is there a staff person who deserves some recognition? How about a library service that you use all the time? Articles should be 500-700 words and can either be dropped off at the library or emailed to Director Julie Dempsey at [jkellsall@highlandlibrary.org](mailto:jkellsall@highlandlibrary.org) Help us spread the word about all the library has to offer.
